Manufacturer, Dealer, Contractor

- Cooling Tower Frp And Wooden Cooling Towers, Water Treatment Plants.
- Water Softner, D.m. Plants/deionisers, Filtration Plants, Reverse Osmosis Plants, Mineral Water Plants
- R.o. Plants, Ozonators, U.v. System, Micron Filters Etc.
- Waste Water, Recycling Plant, Effluent Treatment Plant, Sewage Treatment Plant
- Ion Exchange Resin, Super Charge Resin, Mix Bed Resin, Resin Or Softner & D.m. Plants.
- Water Analysis Kits For Instant Testing Of Water Hardness, Chloride, Ph, Silica, Phosphate.
- Cooling Water Treatment Chemicals For Prevention Of Scaling, Corrosion And Cooling System.
- Boiler Water Treatment Chemicals: For Prevention Of Scaling And Corrosion In A Boiler Water System.
- Descaling Chemicals For Descaling Of Boiler & Condensers Etc.
- Water Testing Instrument For Instant Testing Of Oh, Conductivity, Dissolve Solids, Turbidity.
- Air Cooling System

OUR PRODUCT RANGE

Water Treatment Plants:

Water softner, D.M. plants/deionisers, filtration plants reverseosmosis plants.

Cooling Towers:

FRP & Wooden Cooling Towers & spares.

Mineral Water Plants:

R.O. Plants, Ozonators, U.V. System, Micron Filters etc.

Air Handling Unit :

Air Pollution Control System, Waste Water Recycling Plant.

Effluent Treatment Plant, Sewage Treatment Plant ION Exchange Resin:

Super charge resin, mix bed resin, Resin or softner & D.M. Plants.

Water Analysis Kits:

For instant testing of water hardness, chloride, ph, silica, phosphate, Iron.

Cooling Water Treatment Chemicals:

For prevention of scaling, corrosion and micro biological impurities in cooling system.

Boiler Water Treatment Chemical:

For prevention of scaling and corrosion in a boiler water system.

Descaling Chemicals:

For descaling of boiler & condensers etc.

Water testing instrument:

For instant testing of oh, conductivity, dissolve solids, turbidity etc.
